Normal Pressure Cabinet Hank Dyeing Machine

绞纱染色机

Y系列柜式绞纱染色机的挂纱杆间距可调，适应处理各种不同长度的绞纱。柜式结构的设计，实现封闭染色，特别适用于染羊毛，羊绒，膨体腈纶等纱线。也可用于棉，麻，人造毛及其混纺纱线的染色。一次装纱可完成膨化，精炼，漂白，染色，柔软等多个工序，提高生产效率。

Y Series cabinet type hank dyeing machine: the distance between hang yarn bar can be adjustable, enable handle various length of hank with ease; Cabinet-type structure design, making it particularly suitable for dyeing wool, cashmere, bulked acrylic, etc. Additionally, it also can be used for dyeing cotton, linen, synthetic fur, and their blended yarn. By loading yarn at once, it can complete swelling, scouring, bleaching, dyeing, softening and other processes, significantly enhancing production efficiency.
